Plan Year January 1, 2017 – December 31, 2017

Important information about Medicare Part D

Prescription drug benefits are creditable under Medicare Part D. This means the benefits provided by your employer are equal to or better than the benefits provided under a Medicare drug coverage plan. If you are a Medicare-eligible employee, you can keep your employer-sponsored coverage, and you will not be penalized if you enroll in a Medicare Part D plan at a later date.

Summary of Benefits and Coverage

In accordance with the Patient Protection and Affordable Care Act (PPACA), IASIS and your medical plan administrator have created a Summary of Benefits and Coverage (SBC), which provides additional information about your IASIS medical plan. You can find the SBC online at www.iasishealthcare.com/employees/benefits. Or you may request a free, printed copy by contacting your HR representative.

The Women's Health & Cancer Rights Act

IASIS provides benefits for mastectomy-related services as required by the Women's Health and Cancer Rights Act of 1998. Covered services include prostheses, reconstruction and surgery to achieve symmetry between the breasts, and care for complications resulting from a mastectomy, including lymphedema. Contact the medical plan administrator for more information.

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Notice of Privacy Practices

IASIS maintains a Notice of Privacy Practices that provides information to individuals whose protected health information (PHI) will be used or maintained by the IASIS medical plan. This notice was updated in September 2013. You can view the plan's Notice of Privacy Practices on the IASIS website or request a free, printed copy by contacting your HR representative.

Notice Regarding Wellness Program

The IASIS Healthcare Wellness Program is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary affidavit indicating your and your covered spouse's use or non-use of tobacco products. Completion of a health risk assessment (HRA) or participation in a blood test or other medical examinations is not required.

Employees and covered spouses who choose to participate in the wellness program will receive a reduced medical plan premium for being tobacco-free. Although you are not required to complete the affidavit or participate in the wellness program, only employees and covered spouses who do so and meet the tobacco-free criteria will receive the reduced medical plan premium.

If you choose to participate in the wellness program, but cannot attest to being tobacco-free, an alternative standard exists. As a reasonable accommodation, you may elect to participate in a tobacco cessation program and receive the same reduced medical plan premium for participating in the program. You may request a reasonable accommodation or an alternative standard by contacting Ginger Walker at (877) 844-2747.

The information from your affidavit may be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as a tobacco cessation program or other tobacco awareness materials. You also are encouraged to share your results or concerns with your own doctor.

Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is (are) the Plan Administrator and licensed clinicians in order to provide you with services under the wellness program.

Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Ginger Walker at **(877) 844-2747**.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.
